*For purposes of figuring the shared responsibility payment, an individual is considered under 18 for an entire month if he or she did not turn 18 before the first day of the month. An individual turns 18 on the anniversary of the day the individual was born. For example, someone born on March 1, 2000, is considered age 18 on March 1, 2018, and therefore, is not considered age 18 for purposes of the shared responsibility payment until April 2018.

**\$283 is the 2018 national average premium for a bronze level health plan available through the Marketplace for one individual and should not be changed.
